

Dear Nishiyamato Academy of California Family

This September, we will be receiving some of School of Education students from Yamato University, our sister school in Osaka. They are going to attend our NAC Global Training Program at Nishiyamato Academy of California. Global education and cultural breadth is an integral part of the Yamato University curriculum and this program is a part of this

NAC Global Program:

Program Period:
9/3 - 9/10, 2015

Closing of subscription :5/25/2015

At this time, the students are scheduled to be here from September 3rd – 10th, 2015. Toward that end, we are looking for a few of our fantastic families to serve as hosts for our Yamato University students who are training to become teachers in and of the future.

What we're looking for in a host family:

- Our perfect situation is that the host family will be associated with Nishiyamato Academy of California.
- The family should have a safe home environment.
- The family should be able to provide a ride to/from Nishiyamato Academy daily for that week. (Please contact us if you would like to host but transportation is a difficulty.)
- Family should understand that they are responsible for their student's "basic" care, and should accept and treat them as part of the family for the week.
- We prefer that the student has their own bedroom but this is not mandatory.
- The home should have internet access as the Yamato students will need access during their stay here.
