

1st-4th grade:

We will have a mini- theater and vocab workshop every Tuesday and Thursday. Our goal is to be able to build your child's English skills through reading, vocabulary, and everyday conversation. Students will be able to improve their confidence through eye contact, expression, and acting.

Kindergarten Class:

We will be reading different stories throughout the year. Our program will be focusing on asking questions and memorizing phrases in the story. Students will be able to show what they learned from the story by answering different questions each week.

Classes will be held in the ELD Room.

If you have any questions, you can contact us through email.
