Students are evaluated based on their achievement of the **California Common Core Standards** with the goal of meeting the standards by the final reporting period. For the first reporting period, students are evaluated based on their **PROGRESS TOWARDS** proficiency in the standards, which is not expected until the **YEAR-END** report. Until the standard is consistently met, a "(3)" will not be marked. The scale for the Standard Achievement grades includes **Language Arts, English Language Development, Math, Science, and History**.
